

Variable Rate Application and Solicitation Disclosure

LOAN INTEREST RATE & FEES

YOUR STARTING INTEREST RATE (UPON APPROVAL)

The starting interest rate you pay will be determined after you apply. The interest rate will be established by your credit history (or your cosigner's if applicable), information you provide in the application, and other factors. If approved, we will notify you of the rate you qualify for within the stated range.

YOUR INTEREST RATE DURING THE LIFE OF THE LOAN

Your interest rate is variable. This means that your interest rate could move lower or higher than the rates on this form. The variable interest rate is based upon the 30-Day Average Secured Overnight Financing Rate ("SOFR") index as published by the Federal Reserve Bank of New York. For more information on this interest rate, see the Reference Notes.

REFERENCE NOTES

VARIABLE INTEREST RATE

- This loan has a variable interest rate. This means that your interest rate could move lower or higher than the rates on this form.
- The variable interest rate is based upon the 30-Day Average Secured Overnight Financing Rate ("SOFR") index (see below), which is currently 4.000 % and which may be adjusted monthly, plus a margin which is based upon your and, if applicable, your cosigner's credit history, information you provide in the application, and other factors.
- The SOFR index used to determine the rate is the SOFR published by the Federal Reserve Bank of New York on the 5th day (or the next business day if the 5th day is not a business day) of the month prior to the interest rate change date rounded up to the nearest one-eighth of one percent (0.125%).
- If at any time during the term of this Loan the SOFR is no longer reported, is no longer available, or is no longer recommended by the Relevant Government Body, the Lender will select a new index rate and margin (the "SOFR Substitute"). The new SOFR Substitute will result in an interest rate similar to the rate that is in effect when my original SOFR is no longer reported, is no longer available, or is no longer recommended by the Relevant Government Body. For more information on the SOFR Substitute, please see your credit agreement.
- The SOFR index (or any SOFR Substitute) shall never be lower than 0.250%.
- The interest rate will not increase more than once a month, but there is no limit on the amount that the interest rate could increase at one time. Your interest rate will never exceed 25 %.

- Borrowers can take advantage of a 0.25% interest rate reduction by setting up and maintaining active and automatic monthly ACH withdrawals of their loan payment. If a payment is returned or declined, you may lose this interest rate reduction and scheduled recurring payments may be discontinued.
- The minimum, monthly payment amount is \$50.
